

SKL Package ICE

Discharge air cooler and ancillary package

CVS develops and manufactures compressors specifically designed for installation in trucks. The development is made in close collaboration with our customers. This guarantees the optimum product for your application.

The oil free screw compressor

The oil free screw compressor SKL as discharge air cooler and ancillary package ICE was developed specifically for the bulk tanker industry.

Features

- » High standard of build quality.
- » Unique and robust design guarantee long lasting performance and high operating hours.
- » Compact and light-weight design for increased payloads.

Screw compressors with system

The volume flow rate of the SKL as discharge air cooler and ancillary package ICE ranges from 385 up to 1050 m³/h. The newly developed design of screw ensures increased efficiency and low discharge air temperatures with low noise operation.

Technical description

- » 2.5 bar g Maximum pressure.
- » Compressor mounted at 3° angle within package.
- » Integral air filter.
- » Integral suction silencer and re-active discharge silencer.
- » Integral non return valve and pressure relief valve.
- » Chassis mounting bracket.
- » V-belt drive with light weight pulleys.
- » Stylish covers.
- » Integral air cooler with high power radial fans.
- » Control panel.
